

Tea Tree Gully Amateur Swimming Club

"Teaching the art and encouraging the sport of swimming"

The Tea Tree Gully Swimming Club was founded in October 1969, and caters for swimmers of all abilities from beginners through to swimmers competing at international events. The club consists of levels of Learn to Swim, Junior Development, Junior and State teams and a National Squad. The Tea Tree Gully Swim Club is a not for profit swimming club to teach the art and encourage the sport of swimming. The emphasis throughout is on excellence on swimming, technique and fun and family involvement. We are a non-profit, self-funded, family and community based sporting club affiliated with Swimming SA, and our swimmers are encouraged to participate in local, state and interstate carnivals appropriate to their skill levels, ambition and determination.

Our swimmers train at Waterworld - Tea Tree Gully, The ARC – Campbelltown and teach at the Hampstead and Modbury Rehabilitation Centre – where there are 250 students learning to swim. Some of our squad members train up to 20 hours per week swimming over 60km in the pursuit of representing their club, district, state and even country. We celebrate the achievements of those swimmers competing in their first event as well as those reaching their goals of representing their country.

Exciting opportunities are available for your business, whether big or small, to be recognised as a supporter of our competitive, family oriented club. The Club's commitment to embrace diversity and encourage swimmers from a young age, at all skill levels through to personal best performances in their chosen endeavours, has contributed to our successes. But we are seeking your assistance. We have various levels of sponsorship packages available to suit all types of businesses and we hope that you will find a package to suit. Tea Tree Gully Swimming Club is committed to the successful and consistent promotion of your company, and we will endeavour to create the best marketing opportunity for our sponsors that we possibly can. We hope that you take the time to read over our sponsorship packages below and we thank you for the interest in supporting us.
